

University of the West of England

University West of England, Bristol Library Refurbishment

This scheme, undertaken in the heart of the University's main Frenchay Campus, involved the alteration and refurbishment of three areas on Level 4 of the Library in Block D.

A fast-track 2016 summer works contract, the project comprised a full refurbishment to two library rooms and the partial refurbishment of the main library space on the same level.

These works involved:

- Minor demolition and strip out
- New internal partition walls
- Floor, ceiling and wall finishes
- Mechanical and Electrical Works
- Scaffolding to allow the openings for the monodraft natural light and ventilation system to be formed.

Client: University of the West of England
Value: £0.4m
Contract: JCT Minor Works 2011
Duration: 8 weeks
Completed: September 2016
