

**Holy Cross Catholic Primary School,  
Plymouth**

The works comprised the conversion of an existing church to Classrooms and Dining Hall with alterations and remodelling of a Kitchen and Foundation Classroom to this busy primary school. The School remained occupied during the works and it was incumbent on the team to arrange that the new works did not impact too heavily on the day-to-day operation of the school.

A new mezzanine floor in the Church to provide 3 new classrooms and a dining room was a key feature in this historical building.

**Client:** Willmott Dixon/Plymouth City Council

**Value:** £1.4m
