

Seaton Tramway, Seaton

Seaton Tramway operates narrow gauge heritage trams between Seaton, Colyford and Colyton in East Devon's glorious Axe Valley, travelling alongside the River Axe estuary through two nature reserves and giving an unrivalled view of the abundant wading bird life.

Works commenced in Autumn 2017 to provide a state-of-the-art station and comprised a new single storey Tram Terminus with additional tramway platforms and storage area. The new contemporary, all-year round facility has a brand new café and gift shop.
